Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 27 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy start, becoming bright and sunny.

Today:
A cloudy start for many, particularly near the coasts, but the cloud will quickly retreat back towards the sea leaving a bright and sunny day. Light showers might develop over the hills for the afternoon. Feeling warmer than recently. Maximum temperature 17 deg C (63 deg F).

Tonight:
A dry night with clear skies across the region. Fog patches forming in rural areas inland, but dissipating in the early hours as high cloud moves in from the west. Minimum temperature 6 deg C (43 deg F).

Friday:
A bright morning with hazy sunshine. Some cloud bubbling up during the afternoon with a chance of a shower. Feeling warm with strong sunshine. Maximum temperature 16 deg C (61 deg F).

Outlook for Saturday to Monday:
Cloudy with outbreaks of rain early on Saturday, but clearing to a hot and sunny weekend. Feeling very warm throughout with strong sunshine, particularly on Monday.
